Building trust.

Since 1976 AI Nasser Group offers integrated solutions for building control systems, professional lighting applications and construction services in Saudi Arabia, the Middle East region and beyond.

Al Nasser

Lighting, building control and systems

- > [Indoor-Outdoor Lightin](#)
- > [Building control systems](#)
- > [Surveillance cameras and security solutions](#)
- > [Light switches](#)

Al Nasser is one of the largest suppliers for lighting and advanced building control systems in the Middle East. In more than 12 showrooms in Saudi Arabia we offer the whole range of solutions: From a simple light switch up to integrated safety and control systems for residential and commercial buildings. Al Nasser also is a trusted project partner in many of the major construction projects in Saudia Arabia of recent times.

From its home market in Saudi Arabia Al Nasser serves the whole gulf region and the Middle East.

Noortek

Professional lighting

- > [Healthcare lighting](#)

Noortek is Al Nasser's brand for high end professional lighting. We offer advanced and reliable solutions for all types of indoor lighting applications - including lighting controls.

Noortek products are suitable for highly sustainable lighting applications as they make use of latest technologies, gear and optics to reduce energy consumption to a minimum. Our products allow for lighting designs which are equally economic and at the same time meet the needs for comfort, reliability and emotional atmospheres of people. All our products conform with the latest quality standards and are approved by DIAL and KEMA.

control systems and switches
for Saudi Arabia*

Elemecc and Alugate stand for the expertise and the know-how of the Al Nasser Group in the construction and contracting industry.

Al Nasser Office furniture

> Office furniture

Al Nasser Office Furniture plans and implements total solutions for office spaces which combine organisational aspects of companies with the needs of employees for a healthy and inspiring working environment. Clients of Al Nasser include the Saudi Arabian Government and several corporate giants in the Middle East region.

We work in close partnership with a number of international companies as vendors in order to be connected to current developments in modern office design. Al Nasser office furniture also offers its services to smaller and middle-sized clients through its larger network of showrooms throughout the country.

Al Nasser Construction and installations

> Elemecc: Electromechanical installations

> Alugate: Architectural aluminium solutions

Elemecc

Elemecc is the engineering division of Al Nasser which operates as a consultancy and project management company for large and middle-sized construction projects. We design, supply, install and maintain all kinds of electrical, HVAC and plumbing works. Our services include the integration of building control systems, EIB/KNX, fire fighting installations, public address and CCTV. Elemecc is well rooted in the construction industry of Saudi Arabia. Major clients include General Authority of Civil Aviation (airports), universities and major contractors.

AluGate

AluGate produces architectural aluminium structures for the construction industry. Our solutions include architectural aluminium facades, windows, skylight, sunshade louvres, curtain waves and claddings. Alugate has completed many beacon projects in Saudi Arabia and Bahrain, using expertise gained from our international partnerships.
